

Spoon Carving 101

2013 SATURDAY CLASS FORMING NOW!

(scheduled date determined by participant's needs)

\$100.00

This one- day class will focus on getting familiar with a tool called a spokeshave. It is used to do all the preliminary outside shaping. As this picture suggests, we will be making a scraping/spatular utensil. Because the hand tools used in this craft are very sharp, safety is greatly emphasized.

Cost includes the use of all tools needed (sharpened and ready to go) as well as the material. The class supports each participant in making a completed project that is ready to go home and be used in the kitchen.

To sign up call 725-9802 or email at lbretondesign@gmail.com

Class is limited to 6 people
